Staff Spotlight

Holly is one of our amazing Member Assistants, who just celebrated her two year anniversary as a staff member at Town Square University Parkway. She is originally from Ohio and still goes back to visit her family there often. Holly is a mother of two daughters and grandmother to four grandchildren. She is an avid sailor, great cook, and animal lover. Holly is funny and can be very silly but will also have deep heartfelt interactions with the members whenever the occasion calls for it. She is a great storyteller and can engage just about anyone, at any time. She is also very creative and brings this skillset to everything she does at Town Square. She is always brainstorming new and interesting activities that are physically and mentally stimulating for our members. Town Square is extremely lucky to have Holly on our team!
