1 Powerful Event - Supporting 2 Nonprofits!

Our June Art Exhibit celebrates the power of creating together. Over six weeks, members will paint, weave, assemble, and layer individual pieces that stand beautifully on their own, then come together as a larger mural-style installation. Inspired by mosaics, murals, and storytelling through pattern and symbolism, the journey honors personal expression while strengthening connection, confidence, and belonging. This exhibit isn't about perfection; it's about presence and the joy of building something meaningful as a community.

5:00 PM - 6:30 PM

OPEN TO THE PUBLIC

This is a fun and interactive art exhibit for families and guests to bid on one-of-a-kind artwork created by the members in our senior center. Artwork helps bring awareness to Alzheimer's disease, while the proceeds help support two local nonprofits serving local seniors. Guests will enjoy free food, drinks, and live entertainment.
